

## 911 Script

**Scenario:** Your smoke detector is going off while you're sleeping. You and your family leave the house and go to your meeting place. Use the script below to practice calling 911.

---

**Child:** Dials 911 on the phone display

**Instructor:** "911—What's your emergency?"

**Child:** (describes the scenario in own words from above)

**Instructor:** "What is your address?"

**Child:** (states home address)

**Instructor:** "Is there anyone else still in the house?"

**Child:** (no)

**Instructor:** Thank you for calling 911. Police and fire are on the way. Stay in your meeting place until help arrives. You can hang up now.
