

## Home Fire Escape Plan

If there is a fire in your house  
it is important to get out fast.

Cut order and paste the things you should do if there  
is a fire in your house. Place the most important thing  
to do in the number one position.

1st

2nd

3rd

Call 911.

Get down low.

Get out of the house as  
quickly as I can.
